MONTREAL'S LEADING  
GLOBAL SCHOOL

JUNIOR SCHOOL | Kindergarten – Grade 6

# DISCOVER

## ALL YOU CAN BE...WE'LL HELP

Leading by example, we are committed to the fullest development of students in mind, body, and heart, preparing them for success and leadership in a sustainable global society.

We live our motto, *Non Nobis Solum*—Not for Ourselves Alone, every day. This means instilling a sense of responsibility and accountability in our students so that they have the chance to make a difference in the lives of others. Community service is a central tenet of the LCC experience, helping students to mature, develop empathy and learn about the role they play in a global society.

Established in Montreal in 1909, LCC is a coeducational, K–12 university preparatory school, committed to excellence in teaching and learning. We strive to create a learning environment that reflects the diverse world in which we live, including both boys and girls, representing a variety of cultures, and allowing students to broaden their perspectives.

# STUDENTS ARE AT THE **CORE** OF ALL THAT WE DO

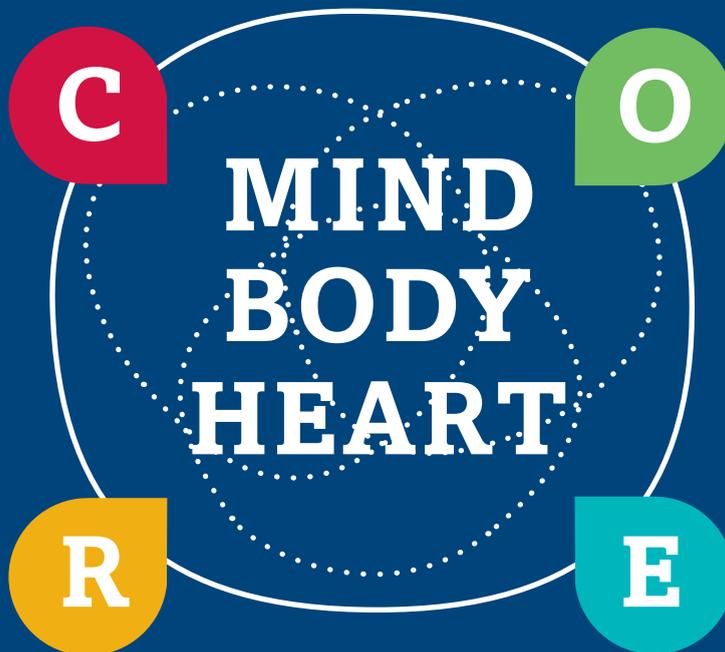

Our holistic approach supports our students' personal growth and development throughout their LCC journey. To develop the fullest potential of each student, we focus on...

## **COMMUNITY**

Teachers who inspire, engaged students, supportive parents, and active alumni create a sense of community and cultivate school spirit and pride.

## **RESOURCES**

Continuous enhancements to our facilities and a commitment to professional development for our teachers address the ever-changing needs of our students.

## **OPPORTUNITIES**

From kindergarten through Pre-University students explore, achieve and grow, and are guided to discover their unique talents and abilities.

## **EXCELLENCE**

A sense of joy, culture of excellence and respect for others stem from diversity, extraordinary programs and vision. A passion for learning and commitment to innovation motivate students to achieve their potential.

A young girl with dark hair in pigtails, wearing a dark blue headband with a bow and a dark blue and red plaid vest over a white collared shirt, looks towards a woman with blonde hair. The woman is out of focus in the background. The scene is set in a bright, yellow-walled room, likely a classroom or school hallway.

We are innovative in our approach, encouraging students to play a role in how they learn and giving them choice and opportunity to define their own learning path.

## **A WARM, SAFE & WELCOMING ENVIRONMENT**

At the very heart of LCC's philosophy is the creation of an atmosphere in which each child can thrive. Since children of different age groups have their own abilities and needs, LCC is divided into four distinct divisions, each with its own physical space, small class sizes, and designed to ensure the academic, social, emotional and physical development of the students.

## THE EDUCATIONAL JOURNEY STARTS IN JUNIOR SCHOOL

LCC's Junior School is a nurturing environment where ideas, inspiration and stimulation abound. The first years of a child's education are critical in establishing a love for learning and ensuring future success as a student. From kindergarten through grade 6, boys and girls are immersed in a bilingual academic program that allows them to explore their creativity, cultivate their imaginations and discover their potential. The focus is on building the foundations for lifelong learning through the ongoing development of critical thinking, communication, social and self-management skills. Reading comprehension, writing structure and fostering writing creativity are priorities, as is the development of basic mathematical concepts and applying them to real-life situational problems.

We also understand that students are unique with varied learning styles and we cater to those differences with a variety of teaching approaches. Using research-based educational practices, the LEAD Centre (Learning Enrichment And Development) supports the diverse learners in LCC's community in order to facilitate academic success.

## A DIVERSE COMMUNITY OF LEADERS & LEARNERS

Supported and guided by a dedicated team of exceptional teachers — who also act as coaches and mentors — children in the elementary grades develop the confidence that will help them reach their full potential. Junior School students form bonds with their teachers and peers while learning the values of respect, trust and responsibility that are such a critical part of the LCC experience. Our teachers are committed to continuous improvement and pursue professional development activities to enhance their teaching skills and acquire new knowledge.

## **OPPORTUNITIES TO EXPLORE, ACHIEVE & GROW**

Combining an enriched academic program with extensive co-curricular offerings in arts, athletics, leadership and community service prepares students to take on new challenges and discover their unique talents and abilities.

## **TECHNOLOGY IN THE CLASSROOM**

Technology is transforming how our students learn, allowing for diversity in learning styles and student collaboration. Teachers embrace technology, recognizing the need to provide students with tools to enhance learning at their pace and comfort level. iPads are used at every grade level, as appropriate, to enhance learning and help students to further develop skills. Not only do they learn a variety of techniques, they also learn how to use technology as responsible citizens.

## DEVELOPING GLOBAL PERSPECTIVES

We are shaping a better world. As a global school, our aim is to promote understanding and learning of world cultures, expose students to different ways of thinking and living, and help them prepare for their role in an evolving global society.

A variety of age-appropriate programs and activities are organized at the Junior School level to introduce them to a broader worldview. To name a few:

- ▶ An ethics and religious culture course
- ▶ A music program which introduces students to songs from different cultures
- ▶ Fundraising for various world organizations
- ▶ The World's Scholar Cup competition
- ▶ An English program which tackles novels about global cultures
- ▶ The fair trade activity...

## ELIGIBILITY

In the province of Quebec, access to English schooling is governed by the provisions in Bill 115. This means that English schools receiving grants from the government can only accept students who have English eligibility. LCC's elementary school does not receive government grants but does receive partial funding for its high school. Contact the Admissions Office for more information.
