Note to Parents: Reading should be a daily activity in the summer and throughout the year. The books on this list have been selected by teachers and the librarian to reflect the different reading levels found in each classroom. Please browse through the books at the Book Fair to find the right ones for your child. As many as possible should be read. The rewards will be tremendous, both in reading pleasure and improvement of reading skills. Other books by the same author may be read.

HAPPY READING!
